

MINIT-TUNE & BRAKE AUTO CENTRES

Minit-Tune & Brake Auto Centres – Response to Covid-19

Over the past few weeks, it's become clear that the world is facing an unprecedented challenge. We are all deeply concerned and want to do what we can to help keep our communities and our families safe and healthy.

At Minit-Tune & Brake Auto Centres, the health and well-being of our Customers, Employees and their families is paramount.

It is critical that we all do our part in reducing the spread of the Covid-19 Coronavirus.

As part of our commitment to providing a safe and healthy environment at all of our locations, we have taken the following steps:

- Increased the frequency of cleaning and disinfecting our reception counters, reception areas, washrooms and the Point of Sale Machines
- Removal of most or all waiting room chairs in order to maintain adequate social distancing
- Technicians' use of protective gloves when operating customers' vehicles
- Elimination of all physical contact including shaking hands, and maintaining social distancing
- Removal of all reading materials and refreshments in the reception area
- Mandating that all staff regularly and thoroughly wash hands
- Asking staff who show any signs of illness or feel unwell to stay home

We will continue to monitor new developments and respond to all recommendations that the B.C. Ministry of Health provide.

We recognize that this is a challenging time for all, and we will remain deeply committed to the safety of our customers, employees and the communities that we serve.

Please stay safe and healthy.
